Booklet printing guide / 0.20

Three separate booklets

Rulebook: 48 A5 pages, 12 duplex A4 sheets. Mission Book: 44 A5 pages, 11 duplex A4 sheets. Adrift Prelude: 8 A5 pages, 2 duplex A4 sheets. Print and bind separately; all three use 25 sheets in total. Covers are included.

Booklet printing

The supplied PDFs are in normal reading order. Choose Booklet in your PDF reader, A4 paper, both sides, landscape orientation. Use short-edge duplex flip unless the reader specifies an equivalent setting. Test one sheet first.

Ordinary 2 pages per sheet does not impose a booklet correctly. For manual duplex, print booklet fronts, reinsert as your printer requires and print backs.

Page pairs

Rulebook: outer front 48|1, back 2|47; next front 46|3, back 4|45; inner front 26|23, back 24|25.

Mission Book: outer front 44|1, back 2|43; next front 42|3, back 4|41; inner front 24|21, back 22|23.

Prelude: outer front 8|1, back 2|7; inner front 6|3, back 4|5. Pairs are left|right. Use booklet-capable software without editing the supplied PDFs.

Fold and bind

Fold each A4 sheet, nest in page order, and staple through the spine. Print-friendly books are A4: Rulebook 15 pages, Mission Book 14, Prelude 3. Print those normally; do not use A5 booklet settings.
